All Wool in Clothcraft Proved by Test

JUST remember this when you want to make sure of getting all-wool clothes: Cotton mixtures are so skillfully made now-a-days that even an expert eye cannot distinguish them from all-wool cloth. The cotton is so cleverly woven with the wool that the only absolutely sure way of detecting its presence is by a chemical test.

This test consists of dipping a piece of cloth into a boiling solution of caustic potash, which completely dissolves the wool and leaves the cotton intact, if present. Every piece of cloth used in Clothcraft clothes must be able to withstand this searching chemical test. Therefore, you can know positively that you are really getting all-wool clothes--if they bear the Clothcraft label. Every Clothcraft suit or overcoat is guaranteed all wool. This guarantee--found in the inside pocket of every Clothcraft coat--also insures lasting shape, satisfactory wear and service. At Clothcraft prices--\$10 to \$25--can you ask for more?

Powers' Congressional Record

Out of Total Vote of 249 He Was
Absent 150 Times

Present and Voted only 10 Times in Four and One-Half
Months Session

Below is found a copy of Congressional record as to the number of times Caleb Powers was present and voting, and number of times absent, which shows that

out of the total number of 249 votes taken he was present and voted only 99 times, and was absent 150 times.

Why was he not present and voting on matters in which the people of the Eleventh District are interested? Why was he absent when he is receiving such a princely sum to work for the people? Whether you be Democrat or Republican you want some one in Congress for the Eleventh District who will attend to his duties. Powers has not done it. The Congressional record proves that.

BRODHEAD.

E. J. Hamm has returned to his home in New Hope, after spending the past week with homefolks. Willie Yaden was down from Livingston last Friday. Mrs. Katie Owens is visiting her son Jas. Owens a few days this week. Lela Albright was down from Mt. Vernon, where she is attending school. Mrs. H. H. Hutcheson is spending a few days with her husband at Middlesboro. Miss Eva Albright begun her school at Pongo. Miss Tempest Ward was up from Tunnel Hill with homefolks a few days last week. Arthur Anderson, of Paris, spent Sunday

with his cousin Henry Anderson. Mrs. J. J. Albright, Misses Grace and Lena McCall spent Sunday with their parents at Maresburg.

Mrs. John Robins and little daughter, Mildred, are visiting relatives at Pineville. Mrs. N. J. Reynolds returned to her home in St. Louis, after spending the summer with her daughter, Mrs. J. F. Watson. A. M. Hiatt, W. E. Graveley, Julian Birdes, W. H. Anderson, R. L. Smith and John Robins, are attending the Grand Lodge of Masous in Louisville this week. John Evans was at home the first of the week. Mr. and Mrs. A. M. Hiatt John and Walter Robins spent Sunday afternoon with Mr. and Mrs. R. L. Smith in the Hiatt section. C. C. Howell was down from Livingston the first part of week. Joe Riddle of Walnut Grove was in town Monday. A. E. Albright and daughters, Misses Lena and Nina are in Cincinnati this week. Joe Carter has returned home after visiting relatives in Shelbyville. He returned home, by himself this time. P. A. Shelton and little son, Reece, was down from Williamsburg first of the week. Mrs. Frank Brooks, of Harlan, is with homefolks for a few days. Mr. and Mrs. J. B. Farris spent a few days with relatives at Waynesburg last week. Misses Minnie Gentry and Clyde Watson and Profs. Likins and Tenton attended the Teachers Meeting at Crab Orchard Friday of last week. Misses Mary Proctor and Mattie Owens were in Mt. Vernon with relatives Saturday and Sunday. Mr. Granville Owens attended the Teachers meeting at Mt. Vernon Saturday. Mrs. J. H. Francisco, of Lafollette, Tenn., is spending a few days with her sister, Miss Jewel Francisco. Mr. and Mrs. J. E. Sumner have returned to their home in Asheville, N. C. after spending the summer with their daughter, Mrs. J. M. Clark. The Basket Ball team of this place played against the team at Mt. Vernon Saturday. They returned home with a sad look. Do you know why? Misses Gertrude Martin, Clyde Watson and Minnie Gentry were in Mt. Vernon between trains Saturday. Miss Nancy Vaughan and Roy Renner were married in Mt. Vernon on Friday of last week, their many friends, wish them a long life of happiness. Miss Hazel Reynolds was down from Mt. Vernon from Friday until Monday. James Pike entertained a number of young people Tuesday night in honor of his pretty and attractive cousin, Miss Roberta Pike, of Oklahoma. Misses Pearl and Captola Tyree were in Crab Orchard last week. Miss Doll Owens was in Mt. Vernon

Wednesday. J. W. Tate is in Louisville this week. Mrs. C. C. Brooks is visiting in Crab Orchard and last week.

LEVEL GREEN.

Rev. John Ware, of Science Hill is conducting a series of meeting at Friendship. Vic Price who is teaching school at Mullins Station is at home for a few days' sick. Miss Zelma Brown who is attending school at Mt. Vernon spent from Friday till Monday with homefolks here. Mrs. Sallie A. Long, of Quail, is spending a few days with her brother, W. F. DeBord here. Most of the farmers of this community are done sowing wheat. The good road lecture that was given last Tuesday night was largely attended. Mr. and Mrs. Eugene McWilliam, of Bee Lick were with relatives here last week. Mr. B. F. Catron, of Puiaski, "general horse trader" was in this part a few days last week. Mrs. G. E. Price and little son Clyde spent from Thursday till Sunday with Mrs. J. L. Thompson. F. E. Gentry who is teaching at Wildie was a pleasant visitor in this part last Sunday. Misses Viola DeBord and Ora Brown were in Mt. Vernon last Saturday attending teachers association.

Rev. Chas. Carmichael filled his regular appointment at Mt. Pleasant Saturday and Sunday. Dr. H. H. Isaacs purchased of O. J. Mullins a nice young horse for \$120. A. F. Lawrence was in Science Hill last Friday. Miss Martha Jones is visiting her sister Mrs. W. B. Spivey at Covington. C. E. Mullins the drummer was through this part last week. Miss Lucy Mink who has been attending school at Mt. Vernon has returned home. Mr. and Mrs. Mordecai Cummins, of Walnut Grove have moved in the house with M. M. Brown as the latter is not able to look after his farm. John Bloomer who has been sick for some time is improving. Clay Thompson was in Mt. Vernon last Saturday. Mr. and Mrs. W. F. DeBord attended the sale of Mrs. Minnie Catron, deceased, last Saturday. Marion Meece, of Skaggs creek section has moved into our neighborhood. George N. Bray, of Wabul, spent Saturday night and Sunday with his cousin, Edd Brown.

To CHAS. C. DAVIS: Having read a great deal in our county paper, The Signal, in regard to good roads and, also, because I was born and reared in the good old county of Rockcastle, I have been extremely interested in this subject and feel that it is my duty to say something in regard to this matter.

We all know that the education of our children the prosperity of

the farmer and the welfare of the nation, in general, depend, to a great extent, upon the condition of the roads, and this being the case, we should all be interested in this great movement.

The farmer should be interested because good roads would increase the value of his land, would enable him to market his crops with less expense, would enable his children to be more punctual in attendance to their respective schools, and would enable those who live within any reasonable distance of a high school or graded school to send their children to them without being burdened with a board bill. It would, also, help both young and old religiously by placing churches within reach of all.

Of course good roads would be a greater blessing to the farmer than to any other class of people, but I wish to say that good roads would be encouraging to the doctors and to the ministers in their great work. But roads often delay them on their missions and thus cause them much sorrow and disappointment.

If we had good roads it would encourage commerce by bringing the farmer and merchant in closer contact and I am sure it would prove beneficial to both.

I wish to appeal to all of my friends and voters to support the issuing of bonds for the purpose of building good roads in our county, and in my opinion, all who do not support this cause are voting against the welfare of the people in our county in general.

Years for better roads,
C. L. RIDDELL,
Cove, Ky.

A LOG ON THE TRACK
of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite fails, take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. Michael Hesseimer of Lincoln, Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50 cents at
Chas. C. Davis.

Your House Needs PAINTING

Step off and take a look at your house. Doesn't it need painting? Now is the time to have it done. Paint before the winter rain and snow begins to fly. Hanna's Green Seal. The made-to-wear paints are the right kind to use. Formula on every package. For sale by

J. B. NOE

THE PIKE FAMILY REUNION.

The above picture shows the Pike family reunion held at Brodhead, on Sunday, September 29th, showing one hundred and one members of that large family present and there were eighty-five who were not present. It was the effort of Rev. A. J. Pike in bringing all the members of his family together and at his home in Brodhead the reunion was held. The members here represented are descendants of the late Jacob B. Pike, who came to this county in 1862 from the state of Tennessee and who until his death not so many years since, was an honored citizen of the county. He was the father of a large family of children, all of whom are still living, viz: Rev. A. J. Pike, of Brodhead, Ky.; W. C. Pike, Pulaski, Ky.; B. M. Pike, Frederick, Oklahoma; Mrs. Mary Jane Brannamon, Cupp, Tenn.; Mrs. Sarah E. Releford, Pine Hill, Ky.; M. J. Pike, Livingston, Ky.; J. B. Pike, Pine Hill, Ky.; R. P. Pike, Blanch, Ky.; Rev. E. K. Pike, Taylorsville, Ky.; Mrs. Margaret Cooke, Los Angeles, California; Jacob E. Pike, Livingston, Ky., and G. W. Pike, Lebanon Junction. All the above named brothers and sisters, with their wives and children, and grand children, were present, making the total of the one hundred and one shown in the group. From every part they came to attend this reunion and for several days before hand, nearly every train arriving at Brodhead brought from one to ten members of the family to enjoy that blessing and happiness which had not been experienced for many years, and which will never be again, as it was upon this occasion, as one of the number shown in this picture has since passed to his reward. On Sunday was the reunion proper which was held at the Brodhead fair grounds, consisting of a basket dinner, music and preaching, which was enjoyed by hundreds of people. No one was ever happier than the Rev. A. J. Pike, who caused the coming together and it is the sincere hope of his many admiring friends in this and other counties, that the life of this useful and ardent advocate of the owly Nazarene may be spared for many years to come and that in his declining years he may be the recipient of many such pleasant occasions.

MEMBER OF
KENTUCKY PRESS ASSOCIATION

SPOTSYLVANIA county, Virginia was the scene of the battle of Fredericksburg in December, 1863, of the battles of Chancellorsville and Salem Church in May, 1863, and of the Wilderness in May and June, 1864. No other given amount of territory the world over has known to a like extent the full horror and cost of war since modern warfare was instituted. If there is any county in the South that can with reason plead poverty as an excuse for lack of progress it is the county of Spotsylvania, where an impoverished people have for fifty years been struggling to wrest a living from an impoverished land. And yet Spotsylvania, to the shame of the majority of counties in Kentucky, is making no plea of poverty. Three years ago its people voted a bond issue for the building of good roads.

To day Spotsylvania county is saving nearly \$100,000 yearly in haul bills.

The testimony of Spotsylvania would seem to supply a convincing argument that there is no county in Kentucky that cannot afford to build good roads.

NATHANIEL Deaton has found a sure remedy for the tobacco habit. Nath says that for years he was a slave to tobacco, and after trying a number of so called "cures" and getting no relief, he threw his tobacco away and quit—a remedy which never fails to effect a cure.

THINGS are getting so cramped in the Ananias Club that the unfortunate inmates are sleeping two in a bed, and even the bath tubs and pool tables are doing cot duty.

THERE seems to be quite a number of voters roosting on the fence as respecting congressional race in the 11th. Probably the air will be change some-what within next two weeks.

JOHNSON, of California, declares he would rather be a live governor than a dead vice president, and it is among the possibilities that Hiram will have his choice fulfilled.

THE registration in the Grand Old Commonwealth does not hold out a super-abundance of hope to the standpat wing of the G. O. P.

A MISSOURI editor says Wilson is standing on his record; Taft is sitting on his, and Roosevelt calls you a liar if you mention his.

REPUBLICANS are hoping that the physician who are doctoring Roosevelt's throat will prescribe several years of quiet.

GEORGE Ade's advice will soon be utilized: "Claim everything until the last precinct is in and then shout fraud."

If candidates were required to prove every campaign utterance there would be fewer campaign speeches.

WHEN David said, "All men are liars," did he have the present campaign in mind?

INTERESTED PARTIES VISIT PINE HILL.

(Louisville Times)

Pillowed upon the bosom of Rockcastle county's hills has been found a great wealth of limestone shale and coal suitable for the manufacture of a perfect grade of Portland cement, and at Pine Hill work is now under way for the erection of a modern plant with a minimum capacity of 2,000 barrels daily. While the preliminary work has so far been completed, the originators of the plan for cement in the foot hills of the Kentucky mountains feel well pleased with the

outlook, and with the progress of preliminary work it is seen that the hidden resources of the old Commonwealth are coming into their own, and Kentucky is slowly but surely advancing to her rightful place in the production of those things demanded by the advance of civilization.

Yesterday the proprietor of the Kentucky Portland Cement and Coal Company, covering more than 2,000 acres contiguous to the Knoxville branch of the L. & N. railroad, was inspected by a party of prominent Louisville people, who went to Pine Hill upon the investigation of the operating company for the purpose of seeing the latest big exploitation of Kentucky's natural wealth; it being the wish of the company to show the representatives of various interests within the city and State what is going forward. The party was composed of Charles B. Norton, Charles W. Milliken, George G. Fetter, Milton J. Thalheimer, Dr. Ben L. Bruner, City Engineer David Lyman, Jacob B. Judah, D. H. Bowman, John J. McHenry, Chester H. Norton, J. A. McCarthy, J. W. Dreisbach, A. S. Halle and John F. Lynch.

VALLEY FACED BY HILLS

The property of the company consists of a little valley some 2,000 feet in length within the company's lines, faced upon three sides by the round hills which stand sentry to the neighboring mountains. The one containing an inexhaustible supply of a very high grade limestone will be faced by the crushing equipment of the cement plant—a matter of only a hundred or so feet away, which fact will obviate an expensive handling of the mass of material. About at right angles, cutting a corner of the valley referred to, stands another hill, rich in coal of a high quality, and shale in immense veins—the other main constituent of Portland cement. About 1,000 feet of entry work has been done in two coal veins, one of which average about thirty-seven inches in thickness, while the other is not quite so thick. The coal is of a semi-cannel character, well adapted to the pulverizing process necessary to the manufacture of cement, carrying no excessive percentage of moisture and admirably suited to the domestic market when it shall be mined in quantities over and above the needs of the big plant.

ONLY PLANT ON SYSTEM.

Thus it seems that the plant is situated in the center of an immense visible supply of the raw material from which Portland cement is made. It will be the only plant of its kind on the L. & N. system, and will have to purchase only one of the ingredients of its product, that being gypsum, a sort of rotten limestone which is used to a very small extent and which is cheaply available from mines in the northern part of Ohio. On the ground nearly the entire bulk of raw material can be placed at the door of the primary process of manufacture by the force of gravitation, reducing the cost of carrying equipment by a large percentage.

Roughly speaking, the above outline is what the Kentucky industry starts with. John W. Dreisbach, expert in the manufacture of Portland cement, and builder of many plants, besides being observer of three score manufacturing of this character, in the United States and Germany, is the general superintendent in charge of the erection of the plant and carries the responsibility of getting out of the property of the company the best and quickest results. Mr. Dreisbach said that there is no end to the limestone in the quarry mountain above referred to, and that so long as the mountain gives forth limestone, there will be shale and coal upon the property wherewith to complete the processes of manufacture.

OWNS PROPERTY IN FEE.

The hill of which the property is composed belongs to the company in fee simple, besides which mineral rights are held upon hundreds of acres adjoining assuring the continued supply of raw materials against many long years to come. It is the hope of the company to see the entire property under service within five years, whereby the output can be increased ten-fold. While it is not believed that Portland cement can be produced within less than fourteen months, it is hoped that a capacity of 30,000 barrels annually of an unusually high type

of hydrated lime, the commercial value of which is well known, as is the big demand for this product will be available by April 1 next.

A costly phase of coal mining is the timber which must be used in greater or less quantity in shorting the roof of entries and drifts. This cost is obviated to the Kentucky company by reason of the good value of timber with which its hills are wooded. Its mile or more of standard gauge railway connections if built upon cross ties of an excellent type which cost eight cents each upon the property as against sixty cents each upon the open market. Several thousand feet of tramway using, of course, a much smaller tie, have been constructed at a much less timber cost. With timber, coal, shale and limestone at hand, the company is hastening its construction work in order to get into a market which is now some thousands of tons short in its supply, with no stocks on hand. Even in the Lehigh Valley district one must order from thirty to sixty days in advance in order to be measurably sure of deliveries.

ENTHUSIASM IS ROUSED.

The raw materials at hand to the Pine Hill plant must be of an unusually high order, because they aroused the enthusiasm of the Louisville visitors when Superintendent Dreisbach pointed out the British Thermal value of the oolite by certain traits discernable to the expert eye and the myriad prehistoric crustaceans imbedded in the limestone—these shells being almost pure lime, and composing a high percentage of the bulk of the rock itself. Whole mussel shells are outlined in chunk after chunk of the rock, and not merely in one spot but in each phase of the outcropping. There is a thin coat of earth to cover the mountain, which is above a mile in thickness, to use an amateurish phrase. Samples of rock and coal lumbered the car in which the party moved.

As Supt. Dreisbach's chief lieutenant is man behind the gun at the works is Miles Steckle, electrical engineer, and one who had a big part in the erection and operation of the two latest and most modern plants on the Lehigh Valley district. Mr. Steckle sees each step taken in the organization of the big, new plant, and keeps in close step with it. He has very little time to talk about it, but sees in the Pine Hill plant a commercial good thing of the first importance. Mr. Steckle is the man to whom Mr. Dreisbach

gives his orders, and as a consequence of this intimate association with the property and the work his judgment is of big value. He is enthusiastic over conditions which obtain.

The rock, also, is low in moisture though the plentiful supply of coal would make drying processes cheaper than with less favored plants. It breaks in a cubical form, which is ideal for manufacture, according to O. S. Corneliusen the engineer at present in charge of the field work in the construction of the plant. Mr. Corneliusen is a Norwegian, schooled in the pains taking care of the old world, admirably leavened with the eagerness for result acquired in the New and he also has enjoyed a broad experience in the construction and reconstruction of cement plants, viewing the errors of others and devising plans by which to obviate them.

OUTLINE IS SURVEYED.

For the pleasure of the Louisville visitors, Mr. Corneliusen surveyed the entire outline of the plant on Saturday and had its outline marked in lime, so that each process could be visualized. The big plant will extend a thousand feet or more along the valley mentioned and alter the material starts it will make no retrograde movement. It will be conveyed into storage at the completion of the process, ready to be loaded upon cars after the period of season. Storage capacity will be provided for far more of the product than ever is likely to accumulate.

The Louisville visitors went to the plant under the lead of J. A. McCarthy, who is resident director of the company with local headquarters. Mr. McCarthy is enthusiastic over the prospects for Kentucky development, and he believes that the visit to the splendid property will cause the men prominent in Louisville's commercial life to see ways and means for greater interest in Kentucky development in the near future.

A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, removing gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle in two months treatment, and seldom fails to perfect a cure. Send for testimonials from his and other states. Dr. E. W. Hall, 2926 Olive street, Louis, Mo. Sold by Druggist.

ORDER FOR ELECTION

For Bond Issue To Build Turnpikes

Rockcastle County Court. August Term, August 26, 1912

It appearing that a petition, signed by more than 150 legal voters who are free holders of Rockcastle County, was filed in the office of the Clerk of the Rockcastle County Court and with the Judge thereof on the 24th day of August, 1912, asking that an election be held in said county, October 26th, 1912, for the purpose of submitting to the legal voters of said county the question of whether the Fiscal Court of said county shall issue and sell the bonds of said county in an amount not to exceed the limit allowed under the Constitution and the Laws of the State of Kentucky, and under no circumstances, for an amount greater than \$100,000.00, said bonds to be sold and the proceeds arising therefrom to be used in building and constructing turnpikes throughout Rockcastle County and through territory to be hereafter designated by the said Fiscal Court, and the Court being sufficiently advised, orders that said election be held at the time and for the purposes stated in said petition, and that T. J. Nicely, Sheriff of Rockcastle County, be and he is hereby directed to cause a poll to be opened and an election to be held in the County of Rockcastle on the 26th day of October, 1912, which is more than 60 days after the filing of said petition in said office as aforesaid, and he will cause the poll to be opened in each and all of the voting precincts in said county; and he is directed to advertise said election and the object thereof at least 30 days next before the day thereof in some newspaper having the largest circulation in the county and also by printed hand bills posted up at not less than four public places in each voting precinct in the county and at the court house door. A legal voters of said county shall be privileged to vote at said election. It is ordered that court adjourn.

L. W. BETHURM,
Judge Rockcastle County.

A true copy attest:
S. F. BOWMAN, C. R. C. C.

NOTICE is hereby given that in obedience to the above order of the County Court of Rockcastle County, I will cause an election to be held at the time and place indicated, from six o'clock a. m. until four o'clock p. m., for the purposes set out in said order; to-wit, for the purpose of submitting to the legal voters of said county the question of whether the Fiscal Court of said county shall issue and sell bonds of said county in an amount not to exceed the limit allowed under the Constitution and the Laws of the State of Kentucky, and under no circumstances for an amount greater than \$100,000.00; said bonds to be sold and the proceeds arising therefrom to be used in the building and construction of turnpikes throughout Rockcastle County and through territory to be hereafter designated by said Fiscal Court.

All legal voters of said county shall be privileged to vote at said election.

This Sept. 19th, 1912.

T. J. NICELY,
Sheriff Rockcastle County.

List of candidates now in the field at work for the piano given away by B. J. Anderson & Son. There should be one hundred or more by next week. The list is as follows:

THE SCOURGE OF HOG CHOLERA

Cost the hog raiser millions of dollars last year and nothing short of vaccination seemed to offer the slightest promise of a cure.

Prevention, however, is the logical solution of the question. Dr. Hess (M.D., D.V.S.) has always maintained that by giving Dr. Hess Stock Tonic to tone up and strengthen every organ in the system, to regulate the bowels, liver and kidneys, expel worms; and also thoroughly disinfect the premises, sleeping quarters and runs with Dr. Hess Dip and Disinfectant, would prevent an outbreak of this disease.

Read what one of the big hog raisers in the country says:

"During 1911 our country was visited by one of the worst hog plagues ever known. We fed Dr. Hess Stock Tonic, and only lost two head out of a herd of two hundred and ten."—Alex. Nevius, Modesta, Ill.

Also note what bulletin No. 182 of the Kansas State College says about preventing Hog Cholera:

"When we recall the conditions which favor the disease and the manner in which its infection takes place, it will be seen that feeding and caring of hogs has much to do with the prevention of the Cholera. Premises should be cleaned and disinfected regularly. The hogs themselves should be dipped every few weeks. Maintaining these conditions helps to keep up the vitality of the hog and in this way troubles of all kinds are ward off. To aid digestion and circulation and to prevent worms, the bulletin recommends a formula of Wood Charcoal, Sulphur, Salt, Sodium Bicarbonate, Sodium Sulphate, Sodium Hypophosphate and Black Antim."

This formula, given in tablespoonful doses would undoubtedly be beneficial but would cost the hog raiser about 10c per pound. Now compare this with the formula for Dr. Hess Stock Tonic which is vastly superior and has stood the test of 20 years.

NUX VOMICA, Digestive and Nerve Tonic. QUASSIA, Digestive & General Tonic. Expels Worms. SULPHATE OF IRON, Blood Builder & Expels Worms. SULPHATE OF SODA, Laxative & acts upon the Liver. COMMON SALT, Appetizer. Expels Worms. EPSOM SALT, Laxative. NITRATE OF POTASH, Acts upon the Kidneys. CHARCOAL, Prevents Noxious Gases. FENUGREEK, Tonic and Aromatic.

This preparation is compounded by Dr. Hess (M.D., D.V.S.) and sold to you on a written guarantee and only costs 3c per month for the average hog. The definition of the ingredients are taken from the United States Dispensatory and noted medical authorities.

Feed your hogs

Dr. Hess Stock Tonic

to prevent disease and expel worms. Sprinkle the runs and sleeping quarters with a solution of

Dr. Hess Dip and Disinfectant

one of the foremost coal tar creosote disinfectants known. Also dip your hogs with this solution when the weather will permit, and you will have no loss from disease.

25 lb Pail \$1.00.

100 lbs \$3.00

Men, women and children's union suits or anything in the underwear line at Sutton & McBee's.

Dave Jackson the retiring Grand Master, of Masons of Kentucky was elected Grand secretary at the meeting in Louisville this week.

The International convention of the Disciples of Christ held in Louisville this week was attended by delegates from nearly every country in the world.

Spectacle and nose glasses scientifically fitted while you wait, at living rates by S. C. Franklin at new Main Street shop, Mt. Vernon, next door to Jonas McKenzie, advt.

The Rev. Z. J. Amerson, State evangelist closed a two weeks meeting at Oak Hill Sunday with 24 additions. Twenty-one of the number were by confessions and three by letter.

Gov. J. C. W. Beckham will speak upon the issues of the day in Mt. Vernon at 1 o'clock p.m. Tuesday, October 22nd, 1912. Come one, Come all. The ladies re especially invite.

The report from all over the county show noted improvement in relation to the good road move. Voters are telephoning, writing and coming into headquarters to offer what ever assistance possible to promote this great move.

Good Road speakers have been going day and night for the past ten days and from every section comes most flattering reports except one precinct that of Brodhead, where the sentiment is very strong against the Bond issue. A poll of the county has just been completed which shows conclusively that the bond issue is going to carry and by a good safe majority. However we want to urge upon all good road advocates to keep up the fight, don't get over confident and lose any ground that has already been won. Keep on fighting till the last and victory is just as certain as that the day follows the night.

Attempt to assassinate Ex-president Theodore Roosevelt on leaving his hotel at Milwaukee, Monday night, for the auditorium where he was to speak at 8 o'clock just after taking his seat in the automobile which was to take them safely through the anxious crowd. There rang out with loud report the shot from a would-be assassin by the name of Schrauk as the ex president raised to recognize the many cheers from the waiting crowd. It was thought for some time by those who were in the immediate crowd with Mr. Roosevelt, that the bullet had missed him, and it was after some of his friends noticed a whole in his overcoat that Mr. Roosevelt himself knew of his wound in the right breast. It is regretted by everyone that such dastardly deeds can be perpetrated by a sneak like Schrauk. It is hoped by all that he will immediately recover.

MT. VERNON GRADED SCHOOL.

We wish to take this opportunity to thank the good women of our little town for the splendid dinner which they served at the school building Saturday also to thank Brown Memorial for the interest she showed us and for the aid she gave us.

The basket ball game was interesting and exciting thruout altho, Brodhead had no showing at any stage of the game. The final score was 21 to 1 in favor of Mt. Vernon Graded School. We are very much encouraged over the first victory and expect to have a splendid year. Later we will give out a schedule of the games for the year. We expect games with London, Corbin, Berea, Richmond, Stanford and Brodhead. The girls are being trained daily and will be in form soon.

Mrs. Fishback has a class in sewing on Saturday afternoon of each week. Several are taking advantage of this opportunity. Others may join. It is free to all pupils. Mothers see that your children are members. Classes will be started in Manual Training and Domestic Science soon. These will be free and will meet on Saturday.

Our present enrollment is about two hundred seventy. Eight new pupils came in Monday. We expect to reach three hundred twenty-five this year.

W. M. BULLOCK SPEAKS FOR GOOD ROADS.

Dear Editor:—

I feel constrained to say something to the good people of Rockcastle county and the readers of the SIGNAL in regard to the good roads movement. Now, I am for good roads and the bond issue to build them, because it is the only way to get roads. I will try to tell you in a few words why I am for good roads. I think we are as much entitled to them as we are the gold paved streets above and as responsible if we fail to get them. Without the effort we are sure in both cases to fail. Now dear taxpayer before you cast your vote against this issue, think how little it will cost you and what a relief it will be when the burden is lifted from the poor poll tax payer and the man who by reason of his six days work on the road pays the largest road tax of any other class of people in the county. Nearly every man says give us good roads and if you want good roads, you are certainly not voting what you preach, if you vote against the Bond Issue.

Now my friend tax payer, if we don't vote for the bond issue, I feel like we have not voted our will, for our will is for good roads and if we fail to vote that way the almighty dollar in view must have swung us to the left on the issue. My dear friend poll tax payers; 11 cts. to 45 cts. tax payer, who are more benefited than any body and who counts in number 2189 persons, who as a whole would only pay \$390.94 tax and to value six days work each year at \$1.00 each, makes a total of \$13,134.00 that this same class of people pay road tax. Now can you stand for that? No, I see that we are benefited and I believed that our people will see it that way on Oct. 26. Yours for good roads W. M. BULLOCK.

ORDER ROCKCASTLE, CO., COURT SEPT. TERM SEPT. 23, 1912

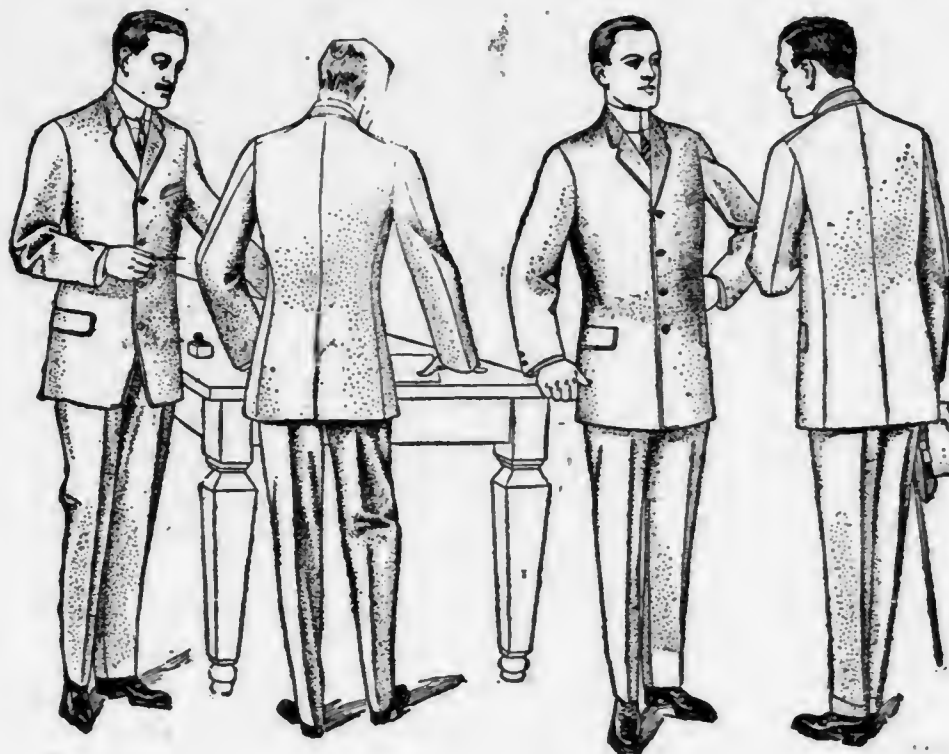

Whereas on the 6th day of Sept. 1912 a petition was filed in the office of the County Court Clerk of Rockcastle County signed by 20 legal voters of the voting precinct of Rockcastle County asking a submission of the question whether cattle or any specie thereof shall be permitted to run at large in said 4th voting precinct of said county. It is now ordered by the court that a poll be opened in the voting precinct at the general election to be held in said precinct on the 5th day of Nov. 1912 for the purpose of ascertaining the will of the voters of said precinct upon the question whether or not cattle or any specie thereof shall be permitted to run at large in said precinct.

Why Women Are Not RICH.

Man is a millionaire many times over in the possession of blood cells. Woman is not quite so rich, for scientists have proven that the normal man has five million—the woman only four and a half million to a cubic millimeter of blood. A decrease in number of red blood corpuscles and a person "looks pale"—in fact, is anemic, the blood does not get the right food and probably the stomach is disordered.

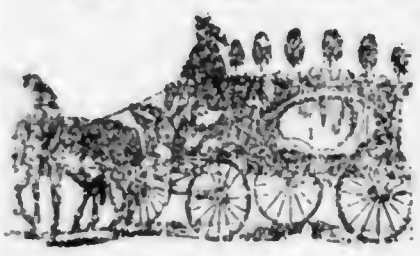

Dr. R. V. Pierce found years ago that a glyceric extract of golden seal and Oregon grape roots, queen's root and black cherry bark, would help the assimilation of the food in the stomach, correct liver ills and in Nature's own way increase the red blood corpuscles. This medicine he called Dr. Pierce's Golden Medical Discovery. By assimilating the food eaten the system is nourished and the blood takes on a rich red color. Nervousness is only "the cry of the starved nerves for food," and when the nerves are fed on rich red blood, the person loses those irritable feelings, sleeps well at night and is refreshed in the morning.

"I was troubled with a long nervous nervous disease, which was caused by a disordered stomach and liver," writes Mr. J. D. Lively, of Washington, D.C., dated Feb. 25. "All my friends thought I would die and the best physicians gave me up. I was advised to try Dr. Pierce's Golden Medical Discovery, and derived much benefit from same. My nervous system had become so chronic that nothing would effect a permanent cure. But Dr. Pierce's medicine has done much for me, and I highly recommend it. I hereby advise its use as a spring tonic, and a cure for all the ills which result from a disordered stomach and liver. I have taken it for years and there is no chance to be cured."

Will You Spend ONE DOLLAR to Elect Wilson President?

How deep is your conviction that this government ought to be in new hands, in clean hands? How much are you in favor of a clean slate from Wilson and Marshall clear down the line to the very smallest offices in your locality?

The Democratic National Committee has every reason to believe that every progressive voter is willing to spend a dollar to elect Wilson and Marshall and their ticket. And that thousands are anxious to contribute to the Wilson Campaign Fund in amounts of \$2, \$5, \$10 and \$20.

To such we make our appeal. To such we must look for victory.

Time An Important Factor

This is another case where time is money. The enemy have their funds—supplied instantly by the interests.

We have only a few days and contributions to be effective must be received at once. There is no question of the money of the People being able to defeat the money of the Trusts.

Because it is greater even in volume and will be used in straightforward telling ways. But to be effective it must be received and used within the next few days.

Quick action is absolutely necessary. Let us have your contribution or the list you make up from your friends and co-workers today if possible, tomorrow sure.

How Your Money Will Be Spent

Woodrow Wilson, our standard bearer, has never had the time or disposition to talk about himself. He has never used spectacular methods to place himself in the spotlight.

His greatest work has been done without ostentation, in the most expeditious, dignified manner. The great mass of voters do not know what a really great man Wilson is. They do not know all he has done. They do not understand all the features of his platform. We must tell them.

To educate this great nation of voters, especially the clear thinking Independent Democrats, Republicans and Progressives who choose their leader on his merits, means the expenditure of a vast amount of money.

We propose to use your dollars in just this way—judiciously, and without a penny frittered away for an unnecessary item. We know you have confidence we will do this thing—and successfully.

Why the Dollar Counts

In this campaign the issues lie between the forces of Representative Government and Popular Government.

In Representative Government only a part of the people have influence—those with no political faith, who spend fortunes in any direction where their own ends are furthered for money.

In Popular Government all the people have influence, because their executives and legislators do not dare to thwart the expressed will of the people.

Representative Government, as ever, this year is being supported by the money of the interests. It is being spent lavishly to give the voters a wrong impression of Wilson.

Popular Government, this year, to win, must depend on the truth being told about Wilson. We must publish his record and platform broadcast so that no one can controvert it. Your \$1, your \$2, your \$5, your \$10 or \$20 will count and count to win if spent in this work.

Head a List For the Fund

If you know several Wilson voters, or work in a place where there are Wilson voters, take up a subscription from all of them.

Place your name and the amount of your subscription at the top of the list and get the others to join you.

Mention the name of this paper on your list.

Then mail the list and contributions to C. R. Crane, Vice Chairman Finance Committee, Democratic National Committee, 900 Michigan Avenue, Chicago, Ill.

This is the most helpful work you, as an individual, can do for clean government next to casting your ballot for Wilson and Marshall on November 5th.

How to Contribute to the Wilson Campaign Fund

Sign the Coupon in this corner and fill in the amount you give. Then attach your Money to this Coupon and mail today to the address given on the Coupon.

Issue all checks, money orders and address all contributions to C. R. Crane, Vice Chairman Finance Committee Democratic National Committee, 900 Michigan Avenue, Chicago, Ill.

Then write a letter to this newspaper giving your name as a contributor and stating your reasons why you believe Woodrow Wilson should be elected President of the United States. In this way you will be listed as a Wilson contributor. A Souvenir Receipt, handsomely lithographed, will be sent to you, your letter will help the fight by encouraging your friends.

Do everything you can to hold up Wilson's hands in his clean campaign for the people who do the work and fighting of the country.

Woodrow Wilson Campaign Fund LOYALTY COUPON

To C. R. CRANE, Vice Chairman Finance Committee, The Democratic National Committee, 900 Michigan Avenue, Chicago, Illinois.

As a believer in the progressive ideals of government represented in the candidacy of Woodrow Wilson for President of the United States, and to the end that he may take the office free-handed, untrammelled, and obligated to none but the people of the country, I wish to contribute through you the sum of \$..... toward the expenses of Gov. Wilson's campaign.

MASTER COMMISSIONER'S SALE.

ROCKCASTLE CIRCUIT COURT.

A. J. Haggard, Admr. of Wm. M. Mink, deceased, Plaintiff

vs. COMMISSIONER'S SALE

Jos. J. Mink, Andrew Mink, James Mink, Alice Rash, Becky Bishop, Maggie Oliver, Martha Farris, Thomas Mink, and Mary Lynch, Defendants

By virtue of a judgment and order of sale of the Rockcastle Circuit Court rendered at the August Term, 1912 thereof, I shall proceed to offer for sale at the front door of the court house in Mt. Vernon, Rockcastle County, Ky., to the highest and best bidder, at public auction on Monday the 28th day of October 1912, between the hours of 9:00 a. m. and 4 o'clock p. m., being regular county court day, on a credit of six months, the following described real estate located in Rockcastle County, Kentucky, on the waters of the East Fork of Skeggs' Creek and bounded as follows:

Bounded on the east by the County road; on the south by the lands of George Livesay; on the west by the lands of John Clontz; and on the north by the lands of Josephine Devault, and containing 50 acres more or less.

For the purchase price the purchaser must execute bond with approved surety, bearing interest from day of sale until paid and having the force and effect of a judgment. Bidders must be prepared to comply with these terms.

G. S. GRIFFIN, Master Commissioner, Rockcastle Circuit Court.

SAVED BY HIS WIFE.

She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. R. J. Flint, Baintree, Va., is of that kind. "She insisted on using Dr. King's New Discovery," writes Mr. F. "For a dreadful cough, when I was so weak my friends all thought I had only a short time to live, and it completely cured me." A quick cure for coughs and colds, it's the most safe and reliable medicine for many throat and lung trouble, grip, bronchitis, croup, whooping cough, quinsy, tonsillitis, hemorrhages. A trial will convince you. 50 cts. and \$1.00. Guaranteed by Chas. C. Davis.

Beginning at a stake at the intersection of the Stigall farm of 75 acres survey with Roberts' 200 acres survey; thence with the Roberts line N. 59 1/2 W. 63 poles to a cut down white oak and dogwood, his corner; thence another line to his S 76 W 6 poles to a stake at the intersection of Roberts' line with the line of Wm. Fish's 100 acre survey, now Mrs. Lewis's; thence with her line N 86 E 113 poles to a stake on a cliff, her corner with pointers; thence with another line to hers N 46 W 95 poles to a sarvis and stone on a beech corner of Osborne Smith's place his line S 58 1/2 E 251 poles to an ash on a branch, Smith's corner and corner of Stigall's 75 acre tract; thence with his line S 75 W 95 poles to the beginning containing 71 acres, more or less.

For the purchase price the purchaser must execute bond with approved surety, bearing interest from day of sale until paid and having the force and effect of a judgment. Bidders must be prepared to comply with these terms.

G. S. GRIFFIN, Master Commissioner, Rockcastle Circuit Court.

Oh! if I could hear once again the patter of the bright-eyed partridge as they scamper the dead brown leaves.

From bisque and bronze statue turn away, for to my homesick eyes the nimble squirrel turning the full fat nut in its furry little paws would be more beautiful than any statue man's hand could fashion.

Yes, I am homesick, and you ask what remedy to bring? Remedy to heal, there is none, save this: Let me close my eyes and drift far, far away into old Kentucky and memory's land; then by and by Duty will come, and with one touch of her hand will shatter the picture and I—I will come back from home and dreams.—By permission of the Bohemian, Kentucky Place, Fort Worth Texas.

From bisque and bronze statue turn away, for to my homesick eyes the nimble squirrel turning the full fat nut in its furry little paws would be more beautiful than any statue man's hand could fashion.

Yes, I am homesick, and you ask what remedy to bring? Remedy to heal, there is none, save this: Let me close my eyes and drift far, far away into old Kentucky and memory's land; then by and by Duty will come, and with one touch of her hand will shatter the picture and I—I will come back from home and dreams.—By permission of the Bohemian, Kentucky Place, Fort Worth Texas.

Oh! if I could hear once again the patter of the bright-eyed partridge as they scamper the dead brown leaves.

Don't Suffer!

"I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until March, when I went to bed and had to have a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my housework."

TAKE CARDUI The Woman's Tonic

You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the woman's system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness.

If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. At all druggists.

Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent free. 160

CHAS. C. DAVIS

THE DRUGGIST

SAYS

That Tennyson or Longfellow could take a worthless sheet of paper and write a poem on it and make it worth \$75,000—that's genius and there are others who can write a few words on a sheet of paper and make it worth \$8,000,000—that's capital and this nation of ours can take an ounce and a quarter of gold and stamp upon it an Eagle-bird and make it worth \$20.—that's money and some of our young ladies will buy a hat for \$1.25 but prefer one that cost \$35.—that's foolishness. I might sign my name to a check for a \$1,000,000, but it wouldn't be worth a dime—that's rouse. But some people will tell you that they can serve you as well as Chink but—that's nonsense—try me.

Yours truly

C. C. DAVIS, Mt. Vernon, Ky.
